PROFILE

Full-Stack Software Engineer with over two years of experience building business applications with Java, Spring Boot, Angular, and React. Experienced in REST APIs, access management, PostgreSQL, MongoDB, Docker, and GitLab CI/CD. Contributed to SaaS, energy management, and document management products, with a strong focus on maintainability and teamwork.

TECHNICAL SKILLS

- **Frontend**: Angular (routing, lazy loading, modular architecture) • Angular Material • RxJS (Observables, BehaviorSubject) • React • TypeScript • Bootstrap • Postman • Swagger
- **Backend & Microservices**: Spring Boot • Spring Data JPA • Spring Security • REST APIs • Hibernate/JPA • JSON serialization • Unit testing (JUnit) • NestJS • Maven • Gradle
- **DevOps & Tools**: Docker • Docker Compose • GitLab CI/CD • Git • PostgreSQL • SQLite • MongoDB • Agile/Scrum
- **Mobile**: Kotlin Multiplatform • Jetpack Compose • Native Android • Flutter • Dart

PROFESSIONAL EXPERIENCE

Arsela Technologies — Full-Stack Developer

January 2025 – Present

- Develop business applications using Angular, React, Java, and Spring Boot for real estate, energy, and document-management workflows.
- Contribute to secure REST APIs, role-based access control, dashboards, and PostgreSQL/MongoDB data persistence.
- Use Docker and GitLab CI/CD; participate in testing, code reviews, and Agile ceremonies.

IMSET — Java & Native Android Instructor (Part-time)

September 2025 – February 2026

- Trained more than 40 students in Java and native Android development.
- Designed practical workshops and supervised student projects.
- Assessed technical skills through code reviews.
- Promoted clean code, software architecture, and debugging best practices.

QcMed — Full-Stack Developer

April 2024 – March 2025

- Developed a medical quiz platform for residency-exam preparation.
- Improved a Flutter mobile application for revision.
- Built the web version using Angular and NestJS.
- Designed and managed MongoDB data structures.
- Implemented user statistics, categorisation, and progress tracking.

EDUCATION

Engineering Degree in Computer Science

International Multidisciplinary School
September 2021 – June 2024

Applied Bachelor's Degree in Computer Engineering

ISSAT Sousse
September 2018 – June 2021
